

THE MONEY MARKET.

but quotations generally were firm, with notable advances for some of the issues. Kansas Pacific firsts, Denver Division, rose from 105½ to 106¾, and Denver and Rio Grande firsts advanced to 104¾ from 103½, the last price Friday. Erie second consols closed at 89, ¼ per cent decline from Saturday's last figure, after selling up to 89½, and the funded 5s sold at 85¾½, against 84 Saturday. Missouri, Kansas and Texas first consols rose from 104¼ to 105¾½, and the seconds from 64 to 66½½. Metropolitan 7s were 1¼ higher, at 99½. Burlington, Cedar Rapids and Northern 5s ¼ higher, at 91½, and St. Paul and Sioux City 6s were ¾ higher at 102. The remainder of the dealings were only insignificant amounts, and at steady figures.

The Sub-Treasury today laid out \$794,737 on balance, made up of a combination of \$806,655, less a currency gain of \$11,918.88. This makes the total loss since Saturday \$1,946,009. Money on call ruled steady at 2 per cent all day, with a large amount offered at this rate at the close. The only change from previous quotations for the domestic exchanges on New-York is at Chicago—an advance to par. The United States Treasurer

in Washington to-day received \$130,000, from National bank notes for redemption. The customs receipts were \$330,000, and the internal revenue receipts \$1,012,000. The following is the Clearing House statement to-day: Exchanges, \$116,582,831; balances, \$61,180,925. The transactions at the Sub-Treasury covered: Receipts, \$1,478,224; payments, \$2,272,761; currency balance, \$6,935,867; coin balance, \$84,520,395.
